Population Insights
Population Insights No. 06

In this issue, Pearl Dykstra argues that successful policies to reconcile family and work are essentially about gender and socioeconomic equality; Kirk Scott shows that refugees' post-migration choices on where to settle are key to good asylum policies; and Maria Rita Testa looks at the gap between fertility intentions and realisation of educated women as a space for policy reform.

Population Europe was founded in 2009 and has been supported by the European Commission since January 2010. As a collaborative network it provides comprehensive knowledge, information, and insights into fundamental demographic trends and diverging population developments. This expertise is key to understanding the political, social, and economic developments of Europe in the 21st century.
